

Got Aches and Pains or Sprains and Strains?

On-Site Solutions Physical Therapy (OSSPT) has the answers and can support individuals in reaching their optimal state of well-being. We are a WBENC (Woman Owned) certified and physical therapy owned MSK (musculoskeletal) solution provider. We prevent and triage work related injuries, and provide physical therapy for non-work related issues. Since 2008, we have been dedicated to helping our clients improve and maintain the health of their employees through the lens of a physical therapist.

We are innovative and creative, passionate and positive, and focus on relating to the employees, building trust, and giving them the best MSK medical advice and services.

OUR SERVICES INCLUDE:

- Early Intervention Visits with Physical Therapist (*work or non-work related*)
- Ergonomic (ErgoRight) Evaluations & Programs
- StretchRight Programs
- New Employee Body Mechanics and Ergonomic Training
- Training and Education
- Telemedicine and Teletriage Services
- Functional Job Analysis
- Collaboration with on-site medical teams

We save our clients an average of **75%** on workers' compensation claims in the first year.

OSSPT clients typically pay **50% less** for rehab services versus traditional physical therapy.

TESTIMONIALS:

"Our initial work with On-Site Solutions was to reduce injuries in our solar division. That effort was so successful we applied the same strategies to all our divisions, which resulted in a 75% reduction in workers' compensation claims. On-Site took the time to understand our work which added to their credibility with our field employees. Hunt's partnership with On-Site helped us enhance our overall safety culture, impacting much more than musculoskeletal discomfort and injury."
